

VAR Growth Stack

Growth Enablement Tools & Support

We care about your growth, and we know that marketing is part of your sales and customer success goals. Included in our VAR program is the following customized resources as part of your turn-key solution.

1. A complete document workspace, that includes a custom white labelled to your brand document templates, support documents, and workflow manager.

Documents include:

- **Connectivity, Monitoring and Lease Agreements**
- **SaaS Schedules & Pricing Confirmation**
- **Hardware Cut Sheets**
- **Deployment Package Template**
- **Proposal Template**

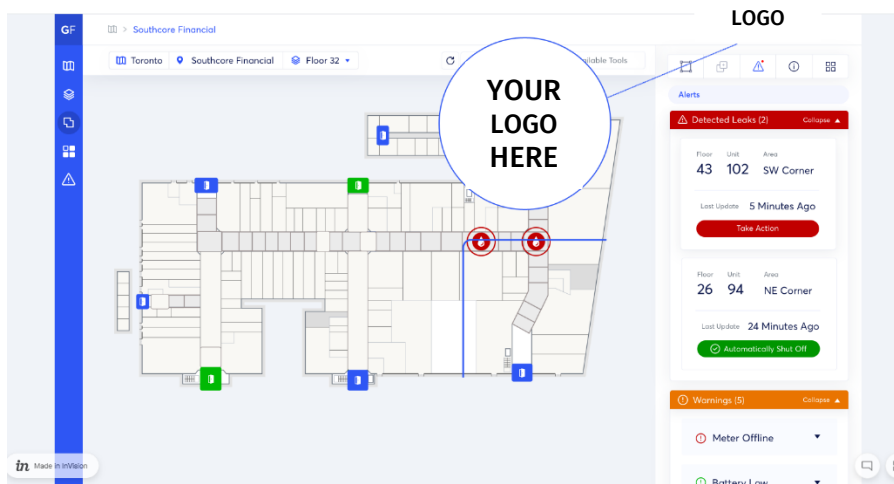

Include **Connected Sensors** PandaDoc into your package, and receive customization, onboarding and training included.

2. Monthly social media templates in various formats for your use on your business channels.

3. Custom branded IoT dashboard with free software upgrades:

4. Ongoing specification sheets and sell sheets, customized with your logo to share with your customers.

5. Hardware image templates with your own custom branding
